NEW HOTEL.
HARRIS HOUSE,
BALTIMORE STREET, GETTYSBURG, PA.

THE undersigned has opened a Hotel, the HARRIS HOUSE, in the lately enlarged and handsome three-story Brick Building, on Baltimore street, two doors from the Court-house, Gettysburg, Pa., and is provided with accommodations for the comfortable entertainment of a large number of guests. His experience in the Business warrants him in promising satisfaction in every case, and he feels certain that those who stop with him once will call again. Charges moderate.

His Table will always be supplied with the best the Gettysburg and Baltimore markets may afford, whilst his Bar will have the choicest wines, liquors, ales, &c.

He also has ample Stabling, with a good Hostler in attendance.

A liberal share of public patronage is respectfully solicited, and no effort will be spared to deserve it. W. P. HARRIS.

April 15, 1870.—tf

UNION HOTEL,
[FORMERLY THE WHITE HALL,]
YORK SPRINGS, PENN'A.

THE undersigned has leased this long established and popular Hotel, in Petersburg, (York Springs Borough.) The Hotel is pleasantly located in the most business part of the town. His table will be supplied with the best that the market can afford and the Bar with the choicest Liquors. There is also excellent Stabling, with attentive hostlers. This Hotel is the office of the Gettysburg and Mechanicsburg Stage Line, also the York Springs and New Oxford line. The former arrives here at 1 P. M., on Mondays, Wednesdays and Fridays, from Mechanicsburg for Gettysburg; returning at 10 A. M., on Tuesdays, Thursdays and Saturdays. The York Springs line leaves the Hotel daily at 6 A. M. for New Oxford, returning at 4 P. M. He feels satisfied that his long experience in business will enable him to let none go away dissatisfied, who may patronize him. Charges moderate. Boarders taken by the week on reasonable terms.

E. P. KITTINGER, *Proprietor.*

Medical.

Baltimore Lock Hospital.

DR. JOHNSTON,

Physician of this celebrated Institution, has discovered the most Certain, Speedy, Pleasant and Effectual Remedy in the World for all

DISEASES OF IMPRUDENCE,

Weakness of the Back, or Limbs, Strictures, Affections of the Kidneys, or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from Solitary Habits of Youth—SECRET and solitary practices, more fatal to their victims, than the songs of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes, or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

especially, who have become the Victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency,) Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other disqualification, speedily relieved.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidentially rely upon his skill as a physician.

ORGANIC WEAKNESS.

IMPOTENCY, LOSS OF POWER.

Immediately Cured, and Full Vigor Restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny, that the power of procreation is lost sooner by those falling into improper habits, than by the prudent? Besides being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE WARRANTED IN TWO DAYS.

Relief in Six Hours! No Mercury!

Persons Ruined by Ignorant, Trifling Pretenders, and their Deadly Poisons, should apply immediately.

DR. JOHNSTON,

Member of the Royal College of surgeons, London. Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known! many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgences and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects of the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and employments of life, by the occurrence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed in despair, and filled with the melancholy reflection that the happiness of another is blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful sufferings, by sending him to that undiscovered country, "from whence no traveler returns."

It is a melancholy fact, that thousands DIE victims to this terrible disease, through failing into the hands of Ignorant or Unskillful PRETENDERS, who by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer a month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of life, Vigor and happiness, is despair leave him with ruined Health, to sign over his ailing disposition to rest.

To such, therefore, Dr. JOHNSTON pledges himself to preserve that most inviolable Secrecy, and from his extensive practice and observations in the great Hospitals of Europe, and the first in this country, viz: England, France, Philadelphia and elsewhere, is enabled to offer the most Speedy Certain and Effectual Remedy in the World for all diseases of Imprudence.

DR. JOHNSTON,

OFFICE, 7 SOUTH FREDERICK STREET,
BALTIMORE, MD.,

left hand side going from Baltimore street, a few doors from the corner. Fail not to observe the name and number.

☞ No letters received unless postpaid and containing a stamp to be used on the reply. Persons writing should state age, and send a portion of advertisement describing symptoms.

There are so many Paltry, Designing and Worthless Impostors advertising themselves as Physicians, trifling with and ruining the health of all who unfortunately fall into their power, that Dr. Johnston deems it necessary to say especially to those unacquainted with his reputation, that his Credentials or Diplomas always hang in his office.

ENDORSEMENT OF THE PRESS.

The many thousands cured at this establishment, year after year, and the numerous Surgical operations performed by Dr. Johnston witnessed by the representatives of the press and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

SKIN DISEASES SPEEDILY CURED.

March 11, 1870—lyipr

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

THE reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Invariable cases of scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they became painfully afflicting, have been rendered entirely cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or use.

Scrofulous poison is one of the most destructive enemies of our race. Often, this lurking and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, which excites a suspicion of its presence. Again, it seems to breed infection throughout the body and then, on a favorable occasion, rapidly develops into one or the other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of Sarsaparilla is advisable, even when no active symptoms of the disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears,* and other eruptions or visible forms in *Scrofulous* disease. Also, in more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia,* and the various *Glandular* affections of the muscular and nervous systems.

Syphilis or Venereal and *Mercurial Diseases* are cured by it, though a long time is required for subduing those obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa or Whites, Uterine Ulcerations,* and *Female Diseases,* are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout,* when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver,* and *Jaundice,* when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless,* and troubled with *Nervous Apprehensions* or *Fears,* or any of the affections symptomatic of *Weakness,* will find immediate relief and convincing evidence of its restorative power upon trial.

Annual Report of Superintendent,

FOR ADAMS COUNTY, PA.,

BY J. HOWARD WERT,

For the School-year ending June 1, 1870.

With the close of my first year's official connection with the schools of the County, I have been endeavoring to review the educational work and progress of the year. Our progress may not be rapid—in fact so slow in some districts, that it is scarcely perceptible, but I believe, we are slowly advancing to a more elevated position.

EDUCATIONAL PROGRESS.

School Buildings.—The past few years have indicated a change in the feeling of Directors and Parents in nearly every district on the subject. They are beginning to realize the necessity of substantial, comfortable buildings for the use of their schools. The consequence of this change of sentiment has been, that many of the *pens,* which disgraced our County, have disappeared within the past five years, and that now many school buildings are found all over the several districts, that are an ornament, as well as a benefit. This good work has progressed during the school-year just passed.

Mountjoy deserves especial notice, having within the space of two years erected six substantial and commodious brick buildings. This township, with Butler, Huntington, Germany, Union and Oxford, can now boast of affording all the children within their limits the opportunity of being educated in comfortable, respectable buildings. Menallen still has three buildings unfit for use, but they too will soon disappear, for this township is pre-eminently blessed with a live, energetic board. The new buildings erected in Menallen are the finest rural school-buildings in the County. Franklin is also doing nobly. The same may be said of Mountpleasant, Tyrone, Cumberland and other Districts. The large building in Gettysburg, erected some years since, having become insufficient for the accommodation of the scholars attending, it will become necessary for the Board to make provision for additional room.

But there is a dark side to the picture. Some of our school-buildings are unfit for the occupation of human beings for any purpose.

The worst buildings in the County are in Reading, Conowago, and the Borough of Littlestown. There is one building in Conowago, in which a tall teacher could not stand erect. [This building has been removed this year and a substantial one occupies its place.] Littlestown, in other respects the most progressive and enterprising town in the County, possesses two miserable log buildings inconveniently located.

No other portion of the County so much needs a new building as this Borough. There is not even an attempt at grading their schools.

Berwick Borough and the town of Hampton, also both need a building for a graded school. The penny-wise, pound-foolish policy of crowding all the children, perhaps seventy or eighty in number, of a thriving town, into one poorly constructed, badly furnished room, will always produce the same result—a defeat of the true object of our schools.

"Through all the dark—the gloomy night.
The waning, waxing school-cause fight.
Like AJAX, still *our* prayer is, LIGHT."

Furniture.—Some old buildings have been entirely or partially refurnished and the majority of the new-buildings have been provided with tolerably comfortable seats, generally of the box-desk order, manufactured by the work-men, who erect the building. I believe that in many cases money would in the end be saved, were the Boards to supply their buildings with some desk, like that manufactured by Col. McFarland, expressly for school use.

Apparatus.—A large number of schools, probably sixty, were furnished last winter with the Pierce Magnetic Globe. Beyond this, there was no material addition to the appliances of our schools, with the exception of Outline Maps obtained for a few schools. In many schools the B. B. surface is insufficient and of poor quality.

Attendance at County Institute.—Amongst the signs of the times indicating our onward, upward course, I would mention the following:—A greater amount of time was granted our Teachers, for the purpose of attending our County Institute last December, than has been any previous year. Many districts granted the entire time to those attending, and nearly all the remaining districts gave three days. The Board of York Springs Borough, not only gave the time, but *required* their teachers to attend, imposing a fine for every roll-call missed. An example worthy of imitation in other districts.

Salaries and Terms.—In the matter of Salary, there has been but little change during the year. Mountjoy and Reading have for the first time abolished the odious distinction, which give a female less pay than a male, for the same amount of work, and that work, too, often better done. The Salaries have been slightly increased in the schools of Franklin, Freedom and Liberty. The Teachers in Gettysburg were paid this year salaries considerably in advance of those of previous years. There has also been some increase in the salaries of the Principals at Berlin, New Oxford and York Springs. There was a reduction in Tyrone and Berwick Borough. Very few of our live, energetic, competent teachers receive the compensation which they deserve. The drones are dear at any price.

The following districts during the year have added one month to their previous term, viz: Butler, Germany, Latimore, Littlestown and York Springs Borough. The following have added one-half month, viz: Franklin, Hampton and Liberty.

EDUCATIONAL WORK DONE BY THE SUPERINTENDENT.

Examinations.—I held twenty-four Public Examinations in the several districts, commencing in Gettysburg, June 18th, and ending in Mountpleasant September 25th, 1869. In addition to the district examinations, I held subsequently in Gettysburg at regular intervals four general examinations, for the accommodations of those who could not or did not attend the former. Notwithstanding this, I was obliged to hold twenty private examinations during the year. During the year one hundred and twenty-one males and seventy females were examined, of whom sixty-five had never taught. Of the number examined thirty-two were rejected, females were rejected. I have rejected since that I did not reject more. Liberally, I believe it would be better that some of our school-buildings should stand vacant for a year, rather than have schools conducted by Teachers who are incompetent.

I granted during the year one hundred and forty-three Provisional and twelve Professional Certificates. The Committee on Permanent Certificates met in March 1870, acting favorably on three applications, and deferring others to a future meeting. Six certificates of this grade are now held by actual Teachers in the County. At fifteen out of the twenty-four district examinations, I delivered addresses varying from one-third to one-half hour in length to the teachers, directors, and patrons present. In these, I endeavored to touch, in a plain, practical way, upon the prominent topics connected with our common-school system and its claims upon each class. At the other examinations I confined myself to a short talk to the members of the class, in regard to their duties, responsibilities and rights. Sixteen of the examinations were well attended. In Gettysburg, Straban, York Springs, Menallen, Butler and at other points, the attendance was encouraging, indicating that the people feel an interest in *their* schools. At some of the points mentioned the average attendance during the day was from seventy-five to a hundred. The majority of the examinations were attended by all or the majority of the Directors of the district.

Visitations.—About one-half of the school days of the months of October and November were spent in visiting schools. From the termination of our County Institute, December 10th, to near the end of March, I employed all my time in visiting. During the year 209 visits were made to 150 schools. Nine schools of the County were not visited, principally on account of snow drifts, which obstructed some of the roads during the latter part of the School-season. We had during the year two entire failures.

I found the majority of the schools in a flourishing condition and was agreeably disappointed in hearing, in the various localities which I visited, but few complaints. I delivered 158 addresses in the schools visited, in a few of which I was compelled to reprove severely. I was accompanied in these visits by 83 Directors.

The schools of Menallen take the banner, being superior to any in the County. The Directors of this district have a regular system of monthly visitation by the members of the board. The schools of Butler, Huntington, Latimore, and Hamilton come next. I met in the schools at various points in addition to Directors one hundred and twenty visitors, patrons and others. Two days after the extensive snow-storm of February, I crossed the Green Ridge on horseback into the Cold Spring valley, visiting a school, at which I have understood no Superintendent has been since about 1860. I found twenty-four Teachers in the County, to whom I cannot again grant a Certificate, unless I find a very zealous effort on their part to be something more than mere *keepers* of schools. Some of them have undoubtedly mistaken their profession. But I take pleasure in saying, that now, when the hardships of the winter are past, taking a retrospective view, I feel amply repaid for all, by the large number of excellent schools which I found, conducted by true, noble men and women—live teachers in every sense. Of one hundred and fifty rooms visited, I was

FRIDAY MORNING, Dec. 9, 1870.

D. A. BUEHLER, Editor and Business Agent.

CONGRESS—PRESIDENT'S MESSAGE

The third session of the 41st Congress met in Washington on Monday last. The roll call showing a full quorum present in both Houses, the President was notified, and he at once sent in his annual Message. This being the last session of the present Congress, it will expire by limitation on the 4th of March. There being thus but three months for work, the members will have little time for bumcomb-talk, and will necessarily address themselves at an early date to serious legislation.

The Message we give in full in to-day's issue, sub-divided into headings for the convenience of the general reader. Although somewhat longer that President Grant's last message, it is still comparatively brief, rendering a formal abstract of its contents unnecessary. We presume it will be carefully read by the great mass of our subscribers. It is a terse document, characterized by Gen. Grant's directness of speech, who uses no circumlocution in giving expression to his views. Aside from the mass of interesting facts as to the condition of the country and its foreign relations, the President's views on questions of internal policy will command attention, and we believe general approval. The curt, terse way in which he disposes of the "Revenue Reform" party, has something of the ring of Lincoln's quaint but strong common-sense logic.

The acquisition of Domingo has evidently a strong hold on the President. Nothing daunted by the failure of the last Treaty for its acquisition, by reason of the Senate's withholding its approval, he again urges the matter on Congress, arguing its merits at considerable length. To obviate the objections against purchase by treaty, he proposes the raising of a commission by joint action of the Senate and House, to negotiate for the purchase and transfer of the island to the United States, after the manner of the annexation of Texas. This will give the House, as well as the Senate, a voice in the matter.

The closing paragraph of the Message is a brief but comprehensive summing up of the policy of the Administration—so plain and distinct that every reader can understand it—and deserves special notice. We therefore re-produce it here:

In conclusion, I would sum up the policy of the Administration to be a thorough enforcement of every law; a faithful collection of every tax provided for; economy in the disbursement of the same; a prompt payment of every debt of the nation; a reduction of taxes as rapidly as the requirements of the country will admit; reductions of taxation and tariff to be so arranged as to afford the greatest relief to the greatest number; honest and fair dealings with other peoples, to the end that war, with all its blighting consequences, may be avoided, but without surrendering any right or obligation due to us; a reform in our treatment of Indians and in the whole civil service of the country, and the ally in securing a pure and untrammelled ballot, that every man entitled to vote may do so just once at each election without fear or molestation or proscription on account of his political faith, nativity, or color.

THE FRANCO-PRUSSIAN WAR.

Last week there was heavy fighting around Paris and in the valley of the Loire, extending through four days and over a large extent of country. A concerted movement was made by Trochu and Gen. Palladines to break through the German lines and raise the siege of Paris. Trochu and Gen. Ducrot, with 150,000 men, marched out of Paris, and made repeated desperate assaults on the German positions south of the city, while Gen. Palladines advanced north from Orleans with 150,000 to 200,000 men and endeavored to pierce the lines of Prince Frederick Charles in the direction of Paris. King William telegraphed briefly to Queen Augusta the repulse of the French at all points, with heavy losses. On the other hand, from Tours came flaming despatches signed by Gambetta, announcing great French victories—that Palladines and Trochu had broken through the German lines, and raised the siege of Paris. For several days, the French were wild with exultation, and *tedeums* were offered up in the Tours cathedral.

Owing to the extent of the lines, the despatches for some days were confused and contradictory. Now that the smoke of battle has cleared, we have the facts, which, as usual, fully sustain the despatch of the truthful Prussian King. Prussian valor and strategy have again proved an overmatch for the French. Trochu and his army, failing to break the investing lines, have fallen back into the fortifications of the city, and continue close prisoners. While Palladines was hurling his columns against portions of Prince Frederick Charles' lines, the latter rapidly swung a portion of his troops around to the rear of Orleans, thus doubling up the French left, and was thundering at the gates of Orleans in the rear of Gen. Palladines, before the latter was aware of his perilous position. The result was an immediate abandonment of Orleans, which the Prussians took possession of, the French falling rapidly back towards Tours.

Gambetta, who but two days before had bulletined the complete triumph of the grand French operations for the relief of Paris, officially announces Gen. Palladines' retreat as the result of "unexpected" obstacles encountered in its advance!

Such, in substance, was the situation at last accounts.

IMPOSING demonstrations are being made in Europe and America, in denunciation of the occupation of Rome by Victor Emanuel, and the absorption of the temporal dominions of the Pope. One of these demonstrations took place in Philadelphia on Sunday last, under the auspices of Bishop Wood, there being a large turn-out of various Catholic Societies, with banners and music.—The large Cathedral was densely crowded, numbers being unable to get into the building. Addresses were delivered by Daniel Dougherty, John P. O'Neill, Joseph R. Chandler, William A. Stokes, Hon. James Campbell, and other prominent Catholic laymen. Resolutions were adopted protesting against Italian occupation of Rome, and demanding the restoration of the Papal territory to the Pope. Victor Emanuel himself is a Catholic, as are the Italians *en masse*, and we suppose the idea is to bring a pressure from the great body of the Catholic Church to work a change in Italian policy, which, in recent events, has ignored the idea of temporal power in the Pope, and subordinated the claims of the Church to the demands of national sovereignty.

THE Report of Postmaster General Creswell gives the aggregate receipts of the Department during the year ending June 30 at $19,772,220.65, and expending dures of all kinds $23,698,837.63, leaving a deficiency of $4,226,616.93 as against a deficiency of $5,353,620.78 for the fiscal year 1869. The increase of revenue for the 1870 over the year 1869 was $1,427,700.93, and the increase of expenditures $300,706.13. Mr. Creswell again urges the abolition of the Franking privilege, and thinks the Department could in that case be made self-sustaining. He recommends a reduction of letter postage to two cents. While agreeing that newspapers delivered in the county where published should continue exempt from postage, he proposes to require pre-payment by stamps on all passing outside of the county. This stamp business would be a nuisance. Better abolish newspaper postage altogether.

[For the Star and Sentinel.

THE FIRE ENGINE QUESTION.

MR. EDITOR:—Considerable fault has, of late, been found with the Town Council for not purchasing a good fire engine, the want of which is felt and acknowledged by the Council as well as by our citizens generally. There is, however, this difference between the Council and other people. Whilst the latter can talk and complain, the former have to meet a practical question, and that is to ascertain where the money is to come from which will be required for this purpose. If delinquent tax-payers would promptly pay what they owe the Borough, the difficulty respecting means could at once be overcome.—But as past experience indicates that this is not likely to be done, is there any other way to raise the funds? Certainly, it will be said, borrow the money! But from whom? ask the Council. This interrogatory may not be so readily answered; but it has occured to me that, if a few of our wealthiest citizens—say *ten* of them—would each loan the Borough a hundred dollars, taking a corporate obligation for the sum advanced, it could be done without much inconvenience to any one individual. In this way a thousand dollars can be raised, which will suffice to buy a good hand engine, for I take it for granted that a steam extinguisher is at present not to be thought of. Now, will a few of our citizens display a little public spirit in the way indicated, or will they await the unavoidable tardy action of the Council? Will those who are blessed with this world's goods "come to the rescue," or will they stand back and "run the chances" of a conflagation? Shall it be said of Gettysburg that, in an emergency of this kind, she has the requisite number of liberal inhabitants, or that in her, as in the ancient City of the Plains, even *ten* persons cannot be found to prevent its destruction by fire? The Council, there is good reason for believing, would promptly buy a good engine, if they could see their way clear; but under existing circumstances, not knowing how long delinquents will hold off paying their taxes, they hesitate, and think the citizens of the town should call a meeting at an early day to determine the kind of engine that should be bought and the most feasible means of procuring it. As "in a multitude of counsellors there is safety," would not a meeting, as suggested above, be the best way of deciding the matter? What say you all?

A PROMPT TAX-PAYER.

P. S. The communication signed X, in the last *Compiler*, was probably written less in view of protecting property than of selling a "Babcock Fire Extinguisher."

BURNING OF THE YORK COUNTY ALMS HOUSE BARN.—About daylight, on Sunday morning last, a destructive fire was discovered to be raging in the large barn on the premises of the York County Alms House property. At this time the flames had already made progress to such an extent that it was impossible to save any of the large number of live stock in the stalls, with the exception of two mules and one horse. The building with all its contents was destroyed. The live stock which burned consisted of 18 cows, 2 heifers, 3 head of cattle and 4 mules. The contents of the building consisted of wagons, farming implements, 8,000 bushels of potatoes, grain and hay. The total insurance on the barn amounted to $10,000 divided as follows: Ætna, $4,000 Maryland $3,000 Hartford, $2,000 Home, N. Y., $1,000. Insurance on the contents, 2,000 as follows: Home, N. Y., $1,000; Ætna, $1,000. The barn was constructed a few years ago, and for beauty, size, and durability was probably not equalled by any similar public building in the State.

The fire was the work of incendiaries, who made an attempt, on the same morning, to fire the school house in Freystown, which was discovered before it made any progress. The barn of Mr. Daniel Loucks at Freystown was also fired, but was discovered, and in the morning a new house near the eastern terminus of King street, in course of erection by Harman Einsich; the latter was extinguished by Thomas Miller. Two men, who are suspected of having made these attempts, were seen early on Sunday morning by a lady in Freystown. They fired a revolver, and afterwards escaped. About eight o'clock on Sunday morning three men were arrested, and one of them lodged in jail.—*True Democrat.*

DEATH OF COL. JAMES BLAKE.—The Indianapolis *Journal* of Nov. 29, announces the death of Col. James Blake, one the oldest and most esteemed citizens of that place. He was born in 1791 in Reading township, Adams county, his father (John Blake) having come from Ireland at the age of 20 years and located in Pennsylvania. James, the second of three sons, worked on the farm until he was 24 years of age. He then drove team for Peter Brough at $15 a month, until the breaking out of the war of 1812, when he volunteered. At the close of the war he resumed the teamster business on his own account, running two teams to and from Baltimore. In 1821 he went West, locating at Indianapolis, which city was then being laid out in the woods, Mr. Blake assisting to make the plot as acting surveyor. He grew up with the city, accumulated large means, and acquired a widespread reputation for energetic and benevolent character. He represented the State of Indiana in the Board of Managers of the National Cemetery. The *Journal* devotes five or six columns to proceedings of public meetings and benevolent societies in regard to his death, Gov. Baker and other prominent citizens pronouncing eulogies upon his life and character.

THE PALACE AND HOVEL.—Under this title D. J. Kirwan, the well-known journalist, has given a series of racy sketches of his observations in London by day and night, which Messrs. Belknap & Bliss, of Hartford, Conn., have brought out in a handsome volume of over 600 pages, profusely illustrated. Besides illustrations and descriptions of noted buildings and persons, the reader is introduced to the inner workings of humanity in London, and is made familiar with its vices, miseries and crimes. The Prince of Wales, Queen Victoria's eldest son, is a rather unpromising heir to future sovereignty, being, according to Mr. Kirwan, a reckless rake, with low, vulgar tastes, and having for boon companions fast young scions of aristocracy and lewd women. We doubt the good results of such publications, although professedly written in the interest of truth and morality. But the book, in these days of sensational literature, will doubtless prove an attractive one and command a large sale. It will be sold by subscription only. See adv. "Agents Wanted."

THE PRESIDENT'S MESSAGE

To the Senate and House of Representatives:

A year of peace and general prosperity to this nation has passed since the last assembling of Congress. We have, through Divine Providence, been blessed with abundant crops, and have been spared from complications and war with foreign nations. Our military, comparative harmony has been restored.

INTERFERENCE WITH THE BALLOT.

It is to be regretted, however, that a free exercise of the elective franchise has in by violence and intimidation, been denied to citizens, in exceptional cases, in several of the States lately in rebellion, and the verdict of the people has thereby been reversed.

RECONSTRUCTION.

The States of Virginia, Mississippi and Texas have been restored to representation in our national councils. Georgia is the only State now without representation in Congress. She may be confidently expected to take her place there also at the beginning of the new year, and then, let us hope, will be completed the work of reconstruction.

FUTURE PROSPECTS.

With an acquiescence on the part of the whole people in the national obligation to pay the public debt, created as the price of our Union, and the pensions to our disabled soldiers and sailors, and their widows and orphans, and in the changes to the Constitution which have been made necessary by a great rebellion, there is no reason why we should not advance in material prosperity and happiness as no other nation ever has done after so protracted and devastating a war.

THE WAR IN EUROPE.

Soon after the existing war broke out in Europe the protection of the United States Minister in Paris was invoked in favor of the North Germans domiciled in the enemy territory. Instructions were issued to grant this protection. This has been followed by an extension of American protection to citizens of Saxony, Hesse and Saxe-Coburg-Gotha, Columbia, Portugal, Uruguay and Venezuela, in Paris. The charge was an onerous one, requiring constant and severe labor, as well as the exercise of patience, prudence and good judgement. It has been performed to the entire satisfaction of this Government, and, as I am officially informed, equally so to the satisfaction of the Government of North Germany. As soon as I learned that a Republic had been proclaimed at Paris, and that the people of France had acquiesced in the change, the Minister of the United States was directed, by telegraph, to recognize it, and tender my congratulations and those of the people of the United States.

THE FRENCH REPUBLIC.

The re-establishment in France of a system of government connected with the dynastic traditions of Europe appeared to be a proper subject for the felicitations of Americans. Should the present struggle result in attaching the hearts of the French to the Government of Representative Government, it will be a subject of still further satisfaction to our people.

NON-INTERFERENCE.

While we make no effort to impose our institutions upon the inhabitants of other countries, and while we adhere to our traditional neutrality in civil contests elsewhere, we cannot be indifferent to the spread of American political ideas in a great and highly civilized country like France. We were asked by the new Government to use our good offices, jointly, with those of European Powers in the invitation to peace. The answer was made that the established policy of the United States forbade them to interfere in European questions jointly with European Powers. I ascertained, informally and officially, that the Government of North Germany was not then disposed to listen to such representations from any Powers, and though earnestly wishing to see the blessings of peace restored to belligerents, with all of whom the United States is in the enjoyment of friendship, I declined, on the part of this Government, to take a step which could only result in injury to our interests without advancing the object for which our intervention was invoked. A reasonable time will come when the action of the United States can hasten the return of peace by a single hour, that action will be heartily taken.

PROCLAMATION OF NEUTRALITY.

I deemed it prudent, in view of the numbers of persons of German and French birth living in the United States, to issue, soon after the official notice of a state of war had been received from both belligerents, a proclamation defining the duties of the United States as a neutral, and the obligations of persons residing within their territory to observe our laws and the laws of nations. This proclamation was followed by others, as circumstances seemed to call for them. The people, thus acquainted in advance with their duties and obligations, have assisted in preventing violations of the neutrality of the United States.

CUBA.

It is not understood that the condition of the insurrection in Cuba has materially changed since the close of the last session of Congress. The authorities of Spain have suppressed a number of arbitrary arrests, of close confinements, and of arbitrary trials and executions, of persons suspected of complicity with the insurgents, by summary embargo of their properties and sequestration of their revenues by executive warrant. Such proceedings, so far as they affected the persons or property of citizens of the United States, were in violation of the provisions of the treaty of 1795, between the United States and Spain.

Representations of injuries resulting to several persons, claiming to be citizens of the United States, by reason of such violations, were made to the Spanish Government. From April, 1869, to June last the Spanish Minister at Washington had been clothed with limited power toward redressing such wrongs. That power was found to be withdrawn in view of the favorable situation in Cuba, which, however, did not lead to a revocation or suspension of extraordinary and arbitrary functions exercised by the executive power in Cuba, and we were obliged to make our complaints at Madrid. In the negotiations thus opened during the United States only claimed that, for the future, the rights secured to the citizens, by treaty, should be respected, and that a joint tribunal should be established in the United States, with full jurisdiction over all such claims; but each individual claimant would be required to prosecute his case. On the other hand, Spain would be at liberty to traverse every fact, and thus complete equity would be done. A case which at one time threatened seriously to affect the relations of the United States and Spain has already been disposed of. In this way the claim of the owners of the Col. Lloyd Aspinwall, for the illegal seizure and detention of that vessel, was referred to arbitration by mutual consent, and resulted in an award to the United States for the sum of $19,702.50 in gold. Another and long pending claim, of a like nature—that of a whale ship—has been disposed of by friendly arbitration during the present year. It was referred by joint consent of the United States and Brazil, to the decision of Sir Edward Thornton, Her Britannic Majesty's Minister at Washington, who undertook the task, and, examining the mass of correspondence and testimony submitted by the two Governments, awarded to the United States the sum of $15,000 in gold, which has since been paid by the Imperial Government. These recent examples show that the mode which the United States have proposed to Spain for adjusting the pending claims is just, and that it may be agreed to by either nation without dishonor. It is to be hoped this moderate demand will be acceded to by Spain, without further delay. If the negotiations unfortunately be without result, it will then become my duty to communicate that fact to Congress, and invite its action on the subject.

THE SOUTH AMERICAN REPUBLICS.

The long deferred peace conference between Spain and the Allied South American Governments has been inaugurated in Washington, under the auspices of the United States. Pursuant to the recommendation contained in the resolution of the House of Representatives of the 17th December, 1866, the executive department of the Government offered its friendly offices for the promotion of peace between Spain and the allied Republics. Hesitations caused to the acceptance of the offer. Ultimately, a conference was arranged and opened in this city, on the 29th of October last, at which I authorized the Secretary of State to preside. It was attended by Ministers of Spain, Peru, Chili and Ecuador. In consequence of the absence of a representative from Bolivia, the conference adjourned until an attendance from that Republic, or other measures could be adopted towards compassing its objects. The allied and other Republics of Spanish origin may see in this fact a new proof of our sincere interest in their welfare; to see them blessed with good Governments, capable of maintaining order and of preserving their respective territorial integrity; and

The Star and Sentinel.

Friday Morning, Dec. 9, 1870.

LOCAL ITEMS.

FINISHED.—It is stated in the Philadelphia papers, that the painting of the battle of Gettysburg, by Mr. P. F. Rothermel, will be finished in a few days. It is then to be opened for exhibition at the Academy of Music.

☞ Messrs. Maltby and Townsend arrived here on Wednesday evening, to arrange the transfer of the railroad to the new purchasers. Yesterday they left to examine the line of the old tape-worm running west.

ALMS-HOUSE APPOINTMENTS.—The Directors of the Poor, on Monday last, reappointed the old officers, viz: Steward, Jonas Johns; Physician, Dr. J. W. C. O'Neal; Counsel, J. C. Neely, Esq.; Clerk, H. A. Picking Esq.; and Treasurer, Jacob Benner.

DISTRIBUTION.—Samuel G. Thompson, appointed by the Supreme Court to distribute among bond-holders the fund arising from the sale of the Gettysburg Railroad, gives notice that he will sit at his office in Philadelphia, on the 28th of December, to make distribution. Holders of Bonds should see that they are properly represented.

POST OFFICE ITEMS.—Rev. J.M. Mickley has been appointed Postmaster at McKnightstown, *vice* M. A. Miller resigned.

The Green Ridge Postoffice has been discontinued, mail matter for that office to be sent to New Oxford.

GOOD JOB.—In passing the new dwelling of Mr. Abraham Krise, on Carlisle street, now nearly completed, our attention was directed to the plastering, done by Mr. David Culp, of this place. The entire plastering seems to be unusually well executed, the walls presenting a hard, polished surface, while the ornamental cornice and centre piece in the parlor are creditable specimens of workmanship.

MORE LARGE HOGS.—Mr. John Laucks, of New Oxford, one day last week, slaughtered two hogs, that out-weighed the two mentioned in our last, from the same place. The hogs of Mr. Laucks were of common stock, twenty months old—one weighing 416½ and the other 475½ pounds, a total weight of 892 pounds.—Who can beat this?

LARGER STILL.—Wm. Wible of Straban township, slaughtered on Thursday last a hog weighing 517 lbs. It was a full blood Chester white.

SHOOTING AFFAIR.—We hear from Littlestown that on Tuesday night, a noisy party of boys went to the residence of Mr. Samuel P. Young, recently married, to give him a "thandillion" serenade.—Mr. Young, being annoyed by the persistent noise, fired a blank cartridge from the window to frighten them off. This not having the desired effect, he fired a second load, charged with small shot.

The charge took effect in the neck and shoulder of Charles Weikert. The shot were promptly extracted, the wound not being considered dangerous.

GOING SOUTH.—Mr. Samuel Herbst, of this place, recently returned from a visit to Lexington, N. Carolina, where he has purchased a Farm of 300 Acres. It is good land, with excellent improvements, including a large two story Brick Dwelling, about 100 acres of timber, &c. Yet Mr. Herbst pays but $2500 for the entire property, a pretty fair illustration of the cheapness of land in that State since the War. It is located three miles from Lexington, the leading trunk line of railway from Washington and Richmond to the Gulf passing within one mile of the farm.

It is the intention of Mr. Herbst, with his son Jacob C., to remove to North Carolina in the Spring, personally to work the farm. Mr. Herbst will be missed in this community, having a large acquaintance and being possessed of excellent business qualifications. For four years he has efficiently and acceptably filled the position of President of the Adams County Agricultural Society.

Last Spring Mr. J. J. Biesecker, of Franklin township, removed to the same county, in North Carolina, having purchased a farm near Lexington. Mr. P. Wysotzkey, of this place, has also purchased near Lexington, and contemplates removing to North Carolina at an early day.

SALES.—Messrs. Levi Minter & Jacob Mickley have sold their farm in Cumberland township, 116 acres, (the Hall farm,) to F. Bream, for $3,600.

Levi Minter has sold his farm in Franklin township, 55 acres, to Jacob Mickley, for $3,350.

Peter Breighner has sold his property situate in Oxford township, to Mrs. Alwine, for $1,925.

Adam Minter, Esq., has purchased the farm of Abraham Shasly, in Franklin township—109 acres, with improvements—at $6,000.

John P. King has purchased the farm of William T. Williams, in Reading township—96 acres, with improvements—at $4,000.

Jacob Smith has bought the Lee farm on the Mummasburg road—100 acres—at $1,550.

J. B. Meals, Executor of Samuel Meals, deced, has sold the home farm in Menallen township, 116 acres, to Samuel Meals, at $30 per acre; and a House and Lot in Bendersville to R. E. Elden for $1100.

Enoch Routzahn has sold the Foundry and two vacant lots in Bendersville to John B. Hoffman for $1700.

Joseph Stocksladge and Joseph Davis, Assignees of John W. Davis, sold his farm and mills, in Mountjoy township, 120¾ acres, to J. W. Barr for $6000.

Michael Stambach has purchased the Peter Wolford Mill property, in Latimore township, at $5,650 cash. About 40 acres of land are connected with the mill.

I. O. O. F.—On Thursday evening, the 1st instant, a new Lodge of the Independent Order of Odd Fellows, to be called "Valley Home Lodge, No. 740," was instituted in Fairfield, by District Deputy Col. John Wolford. Representatives were present from four different lodges, viz: Harrisburg Lodge No. 68, Gettys Lodge No. 124, York Springs Lodge No. 211, and Montana Lodge No. 653. In instituting the new Lodge and installing the officers, Col. Wolford was assisted by the following officers, viz:—G. M., John Wolford; G. W., C. A. Boyer; G. Mar., F. H. Hemperly; G. S., H. C. Peters; G. T., D. Kitzmiller; G. G., Henry Culp.

The following officers of "Valley Home Lodge!" were regularly installed, viz:—N. G., A. C. Musselman; V. G., Henry Musselman; S., G. W. Worts; A. S., James B. Myers; T., Charles F. Hinkle; R. and L. S. to N. G., Peter Shaffer and John Ogden; R. and L. S. to V. G., Henry Beamer and J. M. Musselman; S. W., Peter Stoner; Con., E. McGinley; R. and L. S. S., Joseph Gelbach and Charles Sefton; Chap., Wm. Yingling.

During the evening a complimentary supper was given to the visitors by the members of Home Valley Lodge, at Shively's Hotel, which was served up in capital style by Mr. Shively and his accomplished lady.

COURT DOINGS.—The trial of the New Oxford homicide case occupied the term of the Court for nearly five days, to the exclusion of other business. We annex a record of cases disposed of, additional to those noted last week:

Com. vs. Daniel L. Baker.—Convicted on indictment for adultery, &c., on information of Elvira L. Snyder. In this case, defendant's counsel had filed a motion in arrest of judgment and for a new trial.—On Friday, this motion was withdrawn, and Court sentenced defendant to pay a fine of $15 to the county, $40 to prosecutrix, and three months imprisonment in the county jail.

Com. vs. Keller Culp.—Indicted for assault and battery, on information of George Yount. Deft plead guilty, and was sentenced to pay a fine of $1, six months imprisonment in the county jail, and at the expiration of the imprisonment to give security in $100 to keep the peace, &c.

Com. vs. Miller Degroft.—Indicted for assault and batterry, on the information of Geo. Pensyl. Deft plead guilty, and was sentenced to pay a fine of $1, six months imprisonment in the county jail, and at the expiration of the imprisonment to give security in $100 to keep the peace, &c.

Com. vs. Isaac Buckmaster.—There were two cases against the defendant, one for desertion, and the other surety of the peace, both on the information of Jane E. Buckmaster. The Court dismissed both complaints, and ordered the prosecutrix to pay costs.

Com. vs. William Colton.—Indictment for Murder and Voluntary Manslaughter, growing out of the death of John Bond, in New Oxford, in August last. The count for murder was ignored by the grand jury, and the defendant was put on trial on the second count—voluntary manslaughter. The trial commenced on Thursday of last week, and was continued over to this week. The leading facts in the case were not controverted on either side. The defendant is the constable for Oxford township. John Bond was an elderly man, residing near New Oxford.—On the day of the homicide, Colton had been to Gettysburg to make his return to Court. In the evening he returned to New Oxford, and under the influence of liquor, and undertook to arrest Bond for alledged disturbance of the peace. He seized Bond by the back of the neck, and on the way to the Justice's office, Bond sank to the ground; and when Colton was forced by parties coming up to release his hold, Bond was found to be lifeless.

The Commonwealth held that the arrest was without a warrant, causeless, and without color of authority—that death ensued from strangulation caused by Colton's violence—and that the facts evidenced an intention on Colton's part to do Bond serious bodily harm, thus constituting the offence of voluntary manslaughter.

The defence maintained, on the other hand, that the arrest was legal and proper—that no unnecessary violence was used by Colton—that there was no certainty that death resulted from strangulation—and even if it did, the facts in the case negatived all idea of purposed injury on the part of Colton, the intention being an essential ingredient in voluntary manslaughter.

The case was given to the Jury on Tuesday, after a very able charge by Judge Fisher, in which he clearly drew the distinction between the different grades of homicide—murder, voluntary and involuntary manslaughter, &c. There being no count in the in indictment for involuntary manslaughter, the jury must acquit the prisoner unless they believe the offence of voluntary manslaughter had been made out.

On Wednesday morning the jury rendered a verdict of Not Guilty. The Court, in discharging the defendant, admonished him strongly against indulgence in intoxicating liquors, as a fruitful cause of violence, wrong and crime.

This homicide case being disposed of the civil callendar was called, the first case taken up being that of Mary McAllister and Margaret M. Scott vs. Ephraim H. Minnigh—an action for Trepass, involving a dispute as to the boundary line between the lots now occupied by the Plaintiffs and Defendant on Chambersburg street. On trial.

In the matter of the application of John Hoffman, for license to keep an Eating Saloon in Gettysburg, to which a remonstrance had been filed, the Associate Judges disposed of the case without a formal hearing, and granted the license.

CENSUS ITEMS.—We are indebted to Marshal Gregory for an official statement of the results of the recent census in Adams county, so far as concerns population, making the entire population of the county 30,315. In 1860 the population was 28,006, being a gain 2,309 in ten years. The population of the entire State is given at 3,492,502, being an increase of 586,388 since 1860, when it was 2,906,115.

The progress of our population since the first enumeration, that of 1790, has been as follows:

Year.	Population.	Increase.	Per cent.
1790.	434,373		
1800.	602,361	167,988	38 09
1810.	810,091	207,730	34 49
1820.	1,049,458	239,367	29 55
1830.	1,348,233	298,775	28 47
1840.	1,724,033	375,800	27 87
1850.	2,311,786	587,753	34 09
1860.	2,906,115	594,329	25 71
1870.	3,492,502	586,388	20 18

We give the population of the adjoining counties:

	1870	1860	Increase.
Adams	30,315	28,006	2,309
Cumberland	43,986	40,096	3,787
Dauphin	80,737	66,756	13,981
Franklin	45,383	43,136	2,275
York	78,217	68,200	8,017
Bedford	29,676	28,776	1,900
Fulton	9,261	9,131	230
Somerset	26,525	25,078	1,447

The principal towns and cities in the State are credited with the following population:

Pittsburg	86,254	
Allegheny City	53,180	186,354
South side Boroughs	46,915	
Scranton		33,093
Erie		19,646
Williamsport		16,033
Altoona		10,611
Wilkesbarre		23,174
Titusville		8,689
Meadville		7,105
Lockhaven		6,985
Corry		6,812
Pittston		6,780
Carbondale		6,598
New Castle		6,029
Johnstown		6,029
Philadelphia		657,179
Reading		34,004
Harrisburg		23,504
Lancaster		20,161
Allentown		14,159
Pottsville		12,380
York		11,981
Easton		10,019

ANOTHER CHANGE.—During the past week there has been another change in the time schedule of the Gettysburg Railroad and connecting roads. The first train leaves at 8.10 A. M., connecting at the Junction north and south, and returns at 12.40. The second train leaves at 7.30 A. M., also connecting at the Junction with trains north and south, and returns at 5. 10, P. M. Besides these, the freight train, with passenger car attached, leaves the Junction at 7.30 A. M., arriving at Gettysburg at 10.30 A. M. For details see adv.

NOTARY PUBLIC.—Gov. Geary has reappointed Robert Martin, Esq., Notary Public for the Borough of Gettysburg.

CHRISTMAS is COMING.—A little over two weeks, the Christmas holidays will be here. Parents and others, who are looking around for substantial gifts to their children and friends, will do well to call and examine the large assortment of attractive Books, specially prepared for the holiday season, at the Bookstore of A. D. BUEHLERS, on Chambersburg street. The assortment embraces a large variety of the best Juvenile publications, together with Standard Literature, gotten up in every style, and admirably adapted for the Library or Center Table. Also, Perfumery, Toilet Soaps, fine Cutlery, and Fancy Articles. tf

☞ We direct attention to the sale of Jacob C. Herbst, valuable Personality and a Farm of 70 Acres, in Cumberland township, to take place Monday Dec. 26. ts

A Great Medical Discovery

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS.

Hundreds of thousands bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Substances. They are the GREAT BLOOD PURIFIER and a LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all the poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell, provided the bones are not destroyed by corrosive poison or other means and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Intermittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

BILIOUS, REMITTENT and INTERMITTENT FEVERS, which are so prevalent in the valleys of our great Rivers throughout the United States, especially those of the Mississippi, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Pearl, Alabama, Mobile, Savannah, Roanoke, Santee, and many others with their vast tributaries, during the Summer and Autumn and remarkably so during the season of unusual heat and dryness, are invariably accompanied by extensive derangements of the Stomach and Liver, and the principal remedy used there are always more or less obstruction of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment a cathartic should always be premised, once upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. Walker's Vinegar Bitters, for they will speedily remove the dark colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

WALKER, Proprietor. R. H. MCDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York. SOLD BY ALL DRUGGISTS AND DEALERS. Dec. 9, 1870.—1yrc

Pennsylvania Central Railroad.

Double track route running between Philadelphia and Pittsburg. Trains leaving Gettysburg make the following connections with this Trunk line:

Gettysburg	leave	8.15 a. m.	& 12.40 p. m.
Hanover Junction	arrive	9.05 "	1.30 "
	leave	10.58 "	2.55 "
Harrisburg	arrive	12.55 p. m.	11.45 "
	leave	1.50 "	12.55 a. m.
Philadelphia	arrive	9.40 "	6.50 "
Baltimore	arrive	1.15 "	12.55 a. m.
Pittsburg	arrive	7.35 a. m.	9.10 "

At Philadelphia close connections are made with the New York, Baltimore, Boston and all Eastern Cities. At Pittsburg connections are made in the New Union Depot with the trains for all Western points.

AGENTS WANTED FOR

PALACE AND HOVEL;

OR,

Phases of London Life.

By D. J. Kirwan, the well-known Journalist.

THE VERY LARGEST COMMISSION PAID.

This book is a beautiful Octavo of 665 pages, embellished with 20 full-page Engravings, and is executed map of London designed and executed expressly for this work by eminent artists. It contains a full, graphic, and faithful delineation of the Sights, Secrets, and Sensations of the great Metropolis of the World. Pictures are from Real Life and yet so weird and romantic that it almost challenges one's credulity. It displays in bold relief the appalling misery of the poor, and the reckless luxury of the rich. The most salable book in market. Both male and female pages sent free. Address, BELKNAP & BLISS, Hartford, Conn. Dec. 9–3t

WEAVER & CO.,

Livery, Sales & Exchange

STABLES,

Washington Street, Gettysburg, Penn'a.

THE undersigned having entered into partnership, under the firm of Weaver & Co., have taken the well known Livery Stables of C. W. Weaver, and by strict attention to the public will still keep all styles and kinds of conveyances that can be found in a first-class Livery. Their stock cannot be beaten by any establishment in the town.

☞ Parties wishing to visit the Battle-field, will find superior accommodations at this Livery, without additional charge for Guides.

New Advertisements.

TEACHERS' INSTITUTE.

FOURTH ANNUAL SESSION

WILL CONVENE IN THE COURT-HOUSE IN GETTYSBURG, DURING WEEK, COMMENCING

MONDAY, DECEMBER 26TH.

PROMINENT EDUCATORS from abroad will be present.

M. S. LANDALL,

the celebrated Elocutionist of Oswego, will give ENTERTAINMENTS on Tuesday and Thursday evenings.

LECTURES every evening by prominent Educators.

The day sessions will be devoted principally to Essays, discussions, Class-drills, Practical Talks on the various matters, which are of direct importance to our Common-School Teachers, and Contests.

PRIZES to the successful competitors in the contests in Orthography, History, Mental Arithmetic, &c.

THURSDAY, DIRECTOR'S DAY. All the Directors of the County are cordially invited to be present, on that and every other day of the session.

An opportunity will be given each day to Teachers and Directors to ask QUESTIONS in regard to any point of the School Law, or any practical questions in the practice of Teaching.

Teachers, Directors, Friends of Education, assist in making this Institute of practical benefit to all. Come prepared not only to listen but to participate.

For full information see circular to be issued in due time.

J. HOOVER WERT, County Superintendent. Nov. 25.—tf

Y. 4t

HOLIDAY JOURNAL for 1871 contains a Christmas Story, Splendid Plays,

Farm, Garden & Household.

STORING SWEET POTATOES FOR WINTER USE.—Farmers who store them for winter use should be very careful not to keep them too moist, nor too warm or cold. A very good way to get a box large enough for the quantity you have, and then select sand, and dry it thoroughly before using, when dried cover the bottom of your box with the sand to the depth of three inches, and then place one layer of Sweet potatoes, but not so close as to lay against each other, then one layer of sand of the same depth, and so on until the box is full, then place it in a room where the temperature will not fall below 40 degrees, nor rise above 65, in this way they may be kept until new ones are to be had.

TO PREVENT HENS FROM SCRATCHING.—A correspondent of the *New England Farmer* says: To prevent hens from scratching as to take a piece of [illegible] of four inches apart, and turn down an inch or so of the extreme ends of the wires, so that they will catch in the ground. With such a wire on each leg the hen will not disturb a garden or any place, as they cannot scratch though they can walk without difficulty.

WINTERING YOUNG TREES FOR SPRING PLANTING.—It has often been asked whether spring or fall planting for fruit trees or plants, but if intended to order from a distance, I would advise you to order them in the fall, and heel them in over winter, in a dry sheltered spot; in this way they will then be handy to plant as soon as the ground is in a good condition, but if intended to procure them of a home nursery, you may save that trouble, as you can order them in the spring, and plant them as soon as the ground is in a good condition.

HOLLOW HORN IN CATTLE.—Hollow horn in cattle, it is said may be cured by the following prescription: Take two tablespoons full of ground mustard the finer the better, mix with sharp vinegar until the mustard is thick as sweet cream, put half in each ear, working it up as far in the ears as can conveniently be done. If the animal does not eat in three hours, give it another dose; another remedy which has been recommended very highly by some veterinary men is to bore the horns of cattle which are effected with it.

REMEDY FOR RABBITS GNAWING TREES.—Let me repeat, that there is a remedy to prevent rabbits killing young fruit trees in the Nursery or Orchard; fine young fruit trees have been ruined by rabbits gnawing them. Take thick old slack lime, and thin it with tobacco water, and white wash them in the fall, around the trunk as far up as a rabbit can reach.

WHEN TO SET HENS.—The Poultry Bulletin published by the New York State Poultry Society, gives expression to the following opinion.

"It is advisable to set a hen at night, and without a light, if she be a timid one. Eggs sprinkled with water on the 14th, 17th and 20th day after they are set will rarely have dead chickens in them at the end of the time for incubation."

THE RAPID DISAPPEARANCE OF OUR FORESTS.—The rapidity with which the forests of America are disappearing is one of the most striking facts of the day, and yet few seem to heed it. It has been stated that the Maine forests have already been bereft of almost the entire old growth of trees. New York, which, twelve years ago, exported large quantities of lumber, has now become an importer from Canada and the West. In the year 1869 the amount of timber cut in the three States of the Northwest, viz., Michigan, Minnesota and Wisconsin, was the enormous sum of 1,281,029,355 feet. To obtain this 883,032 acres, or 1380 square miles, were stripped of their forests. It is estimated that in these states there are remaining about fifteen and a half million acres of timber land, which, it is computed, will yield about 32,362,500,000 feet of timber. At the present increased rates of consumption this will last about twenty years. We must then look to the Pacific coast and to replanting for future supply. Coming nearer home, it is found that even in a mountain country, like Albemarle county, Va., timber is growing quite scarce, though the county is without any considerable town within its limits. In lower Virginia, where the timber is not particularly good, parties of Northern lumbermen have been for some years denuding the forests. Turning to the great area between the inhabited portion of the Pacific States and the population of the Mississippi Valley, the growth of timber is sparse and small. There are long slopes of prairie, and even mountains, without a shrub

INTERESTING TO THE LADIES.—A balloon letter received at Bordeaux discusses Paris fashions. Quiet colors are in favor, and the use of jewels is dispensed with. This is a delicate homage paid to the mourning and grief for those who have lost friends and kindred. "Paris," the writer maintains, in spite of adversity, "will not cease to dictate to the whole world the supreme laws of elegance and good taste." Victor Hugo might have written *that* sentence; but only some young miss with flowing tresses could have written *this*: "Taking advantage of the flight of certain personages who had gray, thin or red hair, and who inflicted on fashion their indispensable false hair, our Parisian ladies have at once restored to liberty their own locks, so long hidden under the despotic, artificial chignon.—Brown plaits, carefully smoothed down, light ringlets, at once graceful and natural, have alone adorned for some days the delicate and pretty heads of our young ladies, who are delighted to have their most beautiful adornment restored to them.

A BALOON from Paris, with letters &c., last week descended in Norway. Another, by reason of the waste of gas, was about falling in the German lines at Verdun, with four men in it. As it neared the ground, three of the men slid to the ground by means of ropes suspended to the basket, when the balloon immediately shot up again with the fourth man in charge of the mails, and passed out of sight, to the disgust of the Germans, who were expecting a capture of possibly important documents. Occasionally a balloon passing over the German lines is brought down by a well directed rifle-shot penetrating the balloon and causing a discharge of gas.

Just as a traveller was writing his name on the register of a Leavenworth hotel, a bedbug sallied out and took its way across the page. The man paused and remarked: "I've been bled by St. Joe fleas, bitten by Kansas City spiders, and interviewed by Fort Scott gray-backs, but I was never in a place before where the bedbugs looked over the hotel register to find out where your room was!"

Farming Implements, &c.

DODGE'S PATENT REAPER AND MOWER

AND SELF RAKER.

THIS machine has met with the most complete success. Having been thoroughly tested, and introduced, it has taken precedence over those machines which have heretofore ranked as first-class. It is a perfect Self-Raker and a superior Mower.

A careful examination will convince any one of its superior merits over all others, in simplicity, strength and durability. As a Self-raking Reaper it has no equal to *our knowledge.*

The Dodge rake is attached to no other machine in the United States, except to this machine—Built by the DODGE & STEVENSON Manufacturing Co., Auburn, New York.

READ THE NOTICE OF THE COMPANY TO OUR AGENTS:

Having been informed that certain manufacturers in Ohio and elsewhere are building Reapers, with DODGE'S SELF-RAKE attached, we ask you to furnish us the names of all persons vending or purchasing such machines, as we have never licensed any person or persons to manufacture said SELF-RAKE, or any part thereof, and will prosecute to the fullest extent of the law all persons manufacturing, selling or using said self-rake except of our own manufacture.

JOHN A. DODGE, President.

We have that confidence in this machine that we are willing to let those wanting a machine test it with any other machine they may wish, and keep the one that gives the most satisfaction.

Farmers wanting Droppers attached can be accommodated.

For the benefit of those wanting machines we should refer them to a few of those to whom we have sold, viz.:

Henry Culp	Peter Mackley,
John B. Leas,	Wm. Furney,
Jesse D. Newman,	Elisha Pearce,
George F. Minter,	John Deardorff,
Abraham Waybright,	Ephraim Lady,
David Plank,	Jonathan Wales,
John Hockersmith,	James Mickley,
Peter Ketlesman,	Daniel Settle,
Henry Shriver,	John Bender,
Christian Shriver,	John Kober,
Ross Hunter,	Henry King,
John Lower,	Andrew Welkert,
John N. Boyer,	J. J. Kerr,
George Philips.	

On Hand a few Second Hand Reapers.

Also, WIRE-TOOTH HAY RAKES, of different make, amongst which is the Brandt Rake. A few PLOUGHS of different kinds, Thresher and Separator one of the best and cheapest ever offered in the county. HARRISBURG FANNING MILL, and Farm Implements generally.

Persons wishing to examine machines will find them at the warehouse of JOSEPH WILSE & SON, Gettysburg, Pa., or at the residence of the subscriber, 2 miles from Gettysburg, on the Harrisburg road.

EXTRAS CONSTANTLY ON HAND in case of breakage. Persons wanting Circulars will address the subscriber, Gettysburg, Pa.

GO TO

KLINGEL'S

FOR YOUR

Boots, Shoes and Gaiters!

D. H. KLINGEL, on Baltimore street, a few doors above the Court-house, Gettysburg, has just received a large stock of Boots, Shoes and Gaiters, which he is selling at greatly reduced prices. It embraces:

FOR LADIES—Congress Gaiters, Balmoral Gaiters, Kid Slippers, all style, Morocco Balmorals, &c.

FOR GENTLEMEN—French Calf Boots, American Calf Boots, Kip Boots, Congress Gaiters, Calf Balmorals, Slippers, all styles, Brogans, &c.

FOR MISSES—Congress Gaiters, Balmoral Gaiters, Morocco Balmorals, &c.

FOR BOYS—Congress Gaiters, Calf Balmorals, Brogans, &c.

Infant Shoes of all kinds.

Also, Boots and Shoes of his own manufacture constantly on hand.

Buyers, from town and country, are invited to call and examine goods and prices before purchasing elsewhere, feeling confident that I can please all who may call.

THE MANUFACTURING

of Boots, Shoes and Gaiters will also be carried on, in all its branches, as before. Repairing done on short notice. By employing none but first-class workmen, and using none but the choicest leather, he feels confident of maintaining his former reputation. Certainly nothing will be left undone to deserve it.

Thankful for past favors, he solicits a continuance of public patronage. D. H. KLINGEL.

Medical.

MANHOOD

IN THE YOUNG AND ISSUE GENERATION.

The vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scene of the city, the powers of the body, too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on: the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain: the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMBOLD'S EXTRACT BUCHU, for Weakness arising from excesses or early indiscretion, attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Futuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this sad result occurred to two patients: reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sudden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan Despair
Low sullen sounds their grief beguiled."

Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of Chemistry for the removal of the consequences. HELMBOLD'S HIGHLY CONCENTRATED FLUID EXTRACT OF BUCHU. There is no tonic like it. It is an anchor of hope to the surgeon and patient, and this is a testimony of all who have used or prescribed it.

Sold by Druggists and Dealers everywhere.—Price $1.25 per bottle, or six bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

DR. SCHENCK

ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER.

Having for the last thirty-five years devoted my whole time and attention to the study of lung diseases and consumption, I feel that I understand fully the course that ought to be pursued to restore a tolerably bad case of diseased lungs to healthy soundness. The first and most important step is for the patient to avoid taking cold, and the best of all places on this continent for this purpose in winter, is Florida, well down in the State, where the temperature is regular, and not subject to such variations as in more Northern latitudes. Palatka is a point I can recommend. A good hotel is kept there by Peterman. Last winter I saw several persons there whose lungs had been badly diseased, but who, under the healing influence of the climate and my medicine, were getting well.

One hundred miles further down the river is a point which I would *prefer* to Palatka, as the temperature is more even and the air dry and bracing. Mellonville and Enterprise are located there. I should give a decided preference to Mellonville. It is two miles from river or lake, and it seems almost impossible to take cold there.—The tables in Florida might be better, and patients complain at times but that is a good sign, as it indicates a return of appetite, and when this is the case they generally increase in flesh, and the lungs must heal.

Jacksonville, Hibernia, Green Cove, and many other places in various parts of [illegible] highly recommended to consumptives. [illegible] My reasons for saying so are [illegible] less liable to take cold there than [illegible] less even temperature, and I may [illegible] say that where a consumptive [illegible] himself to prevent colds he [illegible] shortly. Therefore my advice [illegible] into the State out of the [illegible] wind-and fogs. Jacksonville [illegible] or eight, but for those who [illegible] those who are fromboyd [illegible] ordered to much decaying [illegible] ally in New York, Boston, [illegible] and Philadelphia every week, where I [illegible] on an average five hundred patients a [illegible] A practice so extensive, embracing [illegible] phase of lung disease, has enabled me to understand the disease fully, and hence, my caution in regard to taking cold. A person may take vast quantities of "Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills," and yet die if he
